LAGOS STATE BUILDING CONTROL AGENCY

MASTER PLAN AND LAND USE MAP OF BADAGRY DIVISION

INTRODUCTION

BACKGROUND OF THE STUDY

The efforts of the Lagos State Government to give its cities a proper planning has met with the challenges of illegal and unauthorized structures, and in particular the improper location of worship centers in the state.

Daily, churches and mosques spring up without recourse to the Lagos State town planning and building control regulations.

This disorderly development of the state with regards to worship centers has several negative implications such as religious conflict, noise pollution, Collapse etc.

STATEMENT OF THE PROBLEM

- Some of the worship centers are constructed without obtaining planning permit from Lagos State Physical Planning Permit Authority (LASPPPA) and Authorization and Green sticker from Lagos State Building Control Agency(LASBCA).
- Failure to carry out stage inspection by officers of LASBCA may lead to collapse.

THE MOSQUES AND CHURCHES IN BADAGRY DISTRICT

AIMS AND OBJECTIVE OF THE STUDY

This exercise was carried out by the district office to collate the list of churches and mosques within its environs to:

- List out the names of churches and mosque with or without adequate planning permit from the Lagos State Physical Planning Permit Authority (LASPPPA)
- List out the names of churches and mosques with stage certification and authorization.
- List out churches and mosques with any degree of defect like dampness, spalling on the slab, exposure of reinforcement on columns and beams.
- To determine the Distressed signs in Churches & Mosques.
- To determine the radius and distance of churches and mosques to one another

SIGNIFICANCE OF THE STUDY

- The rate at which churches and mosques are springing up without development permit and stage certification from the Lagos state government is a thing of concern to all.
- The exercise is going to find out the number Churches and mosques that have obtained permits from LASPPPA, Authorization and being staged by LASBCA.

THE MOSQUES AND CHURCHES IN BADAGRY DISTRICT

Conclusion

Having identified the churches and mosques in Badagry district with no evidence of Approval from Lagos state physical planning permit Authority (LASPPPA) and Authorisation from Lagos state Building Control Agency (LASBCA) and those that are defective, the churches and mosques with distressed signs were served statutory notices and those under construction were equally served statutory notices. The radius of churches and mosques to one another will help Laspppa to determine , if the radius to one another is adequate or not and to draw their conclusion on the decision to take

Recommendation

It is here recommended that the churches and mosques without statutory documents should be served and ensure they are brought to compliance. It is also recommended that all the churches and mosques with distressed signs should be subjected to Non destructive integrity test (NDIT) and letter of structural stability and indemnity by COREN Registered Engineer should be provided
