# LIST OF CHURCHES AND MOSQUES WITHIN EJIGBO DISTRICT, 2022

DRONE COULD NOT BE  
FLOWN IN EJIGBO AND WHY?

Having visited six (6) strategic locations to fly the drone last Friday, the Ejigbo LCDA is entirely a "Restricted No Flight Zone" on the radar due to its proximity to Airspace Critical Infrastructure Installations which bothers on safety and security of lives and property.

To further substantiate the claim above why drone could not fly in our district, I spoke to one Defense Officer in the Air force who affirmed safety and security risk factors why it's a restricted area.

However, those generated were captured during monitoring exercises (Pictures and Audiovisuals supported) which limited our coverage possibilities.
