# INTRODUCTION

This project was carried out base on the General Manager's directive that worship centres in all districts be compiled and presented in PowerPoint presentation format on 19th September, 2022.

# METHODOLOGY

For easy carrying out this project, searches were made for churches and mosques on a normal routine and monitoring exercises, in which many were identified.

In all, about sixty-nine (69) worship centres (churches and mosques) were identified with their addresses.

All the information gathered were done within the
