INTRODUCTION

Ikorodu is a large city in Lagos State, Nigeria. It is located to the north-east of Lagos, along the Lagos Lagoon and shares a boundary with Ogun State. It is the largest local government in Lagos State. Situated approximately 37 km north of Lagos, Ikorodu is bounded to the south by the Lagos Lagoon, to the north by a boundary with Ogun State, and to the east by a boundary with Agbowo-Ikosi, a town in Epe Division of Lagos State. The town has grown significantly in the past 40 years and is divided into sixteen or seventeen minor areas. Major towns include Imota, Isiu, Liadi, Egbin, Ijede, Igbogbo and Bayeku, all of which constitute their own Local Council Development Area with their own traditional rulers (Obas). Together these areas make up Ikorodu Division.

Ikorodu is the fastest growing part-exurb of Lagos metropolis, owing in part to increasing influx of people from Ikorodu's surrounding towns and villages attracted by the town's proximity to Lagos. In 2003, the existing Ikorodu LGAs was split for administrative purposes into Local Council Development Areas. These lower-tier administrative units are now Imota, Igbogbo/Bayeku, Ijede, Ikorodu North, Ikorodu West, Ikorodu Central.
