

**MINISTRY OF PHYSICAL PLANNING AND URBAN DEVELOPMENT  
LAGOS STATE BUILDING CONTROL AGENCY (LASBCA)**

**FINAL NOTICE TO CONDUCT INTEGRITY TEST AND CARRY OUT THE RECOMMENDATIONS OF THE TEST.**

This is to notify the General Public that the underlisted structures have been identified by the Lagos State Building Control Agency (LASBCA) to be exhibiting various signs of distress.

LASBCA has therefore served all statutory enforcement notices on the structures and has requested the owners/developers of the structures to conduct a Non- Destructive Test (NDT) on the structures with no response from the respective owners /developers of the buildings.

Following the above, a final notice is hereby given to the owners/ developers of the underlisted buildings to conduct a Non - Destructive Test on the Structures to ascertain their structural stability and where the structures turn out to be unfit for habitation, Demolition Permit should be obtained from the Lagos State Physical Planning Permit Authority (LASPPPA) to remove the structures in the interest of public safety.

Where the structure is recommended for re-engineering /renovation, the structures should be renovated after obtaining Renovation Permit from LASPPPA.

A time frame of 90 days is hereby given after the publication of this notice for the conduct of **NDT**, re-engineering/renovation or removal of the identified structures that are exhibiting signs of distress (as the case may be) failing which LASBCA shall not hesitate to remove the structures in the interest of public safety and in line with the regulatory provisions of the Law. Where structures are removed by the Agency, cost of removal shall be recovered from the owner/developer as required by the Law.

For further information or clarification, kindly contact LASBCA on the website: [lasbca.lagosstate.gov.ng](http://lasbca.lagosstate.gov.ng) or visit the Head Office at LASTMA yard, Muiz Banire Street, GRA Ikeja.

**CAPTURED DISTRESSED BUILDINGS**
